INTRODUCTION

The fight is on for the WCW Heavyweight Championship belt and you're in control. The biggest names in wrestling are colliding to settle their feuds. Each pair are starring in their own unit - Hollywood Hogan Vs. Goldberg, Raven Vs. Diamond Dallas Page, and Scott "Big Poppa Pump" Steiner Vs. Rick Steiner. Collect them all and become the Champ. You can choose either wrestler on each unit to make your favorite win their feud. Select Raven and use the Evenflow DDT, or Diamond Dallas Page with his devastating Diamond Cutter. Each wrestler has their own unique finishing move. Master them all and you master the game.

RAVEN

As the leader of Raven's flock he would send in his troops to pummel any foe who opposed him.

Now, he has separated from the flock but is still one of the most talented and ruthless wrestlers in the WCW. He cares nothing for others. The only thing that matters to him now is capturing the WCW Heavyweight belt and he will stop at nothing to get it. No rules, or opposition will stand in his way. Use his Evenflow DDT to take the belt.

DIAMOND DALLAS PAGE

DDP is known as the hardest working wrestler in the sport today. His constant will to succeed and win the WCW Heavyweight Championship belt have helped him beat bigger and more experienced opposition. He is loyal to WCW and will do anything to get rid of the rule breakers. He has faced and beaten the best and now he faces his biggest challenge yet, Raven. Use his infamous Diamond Cutter to finish off Raven and prove he's the best.

Raven and DDP have a score to settle. After many confrontations without a clear winner, they will step in the ring to settle their differences once and for all. Choose your wrestler and enter a tournament that lasts best of 7 matches. You don't have to win all 7 matches to win the belt but you do have to win at least 4. If you only win 4, you should step back in the ring and win all 7. If you win all 7, it just proves that you are the better man and a true Champion.

STARTING A NEW GAME

Press the ON/START button to power on the game. Both wrestlers will now appear and Raven will be flashing. Whichever wrestler is flashing will be your wrestler in the ring. If you want to switch between the two wrestlers, simply press left or right. When your favorite wrestler is flashing, press ON/START to begin your first match. Now you can step in the ring, wrestle through a best of 7-match tournament to win the WCW Heavyweight Championship Belt, and prove to the world who the better wrestler is.

ENERGY METER

Each wrestler has an energy meter made up of five bars. It appears right next to their picture at the top of the screen. Every time you hit your opponent their meter will decrease and yours will increase. Beware, you lose more energy each time you get hit than you get back when you hit them. So, keep on the offense if you want to win.

POWER METER

There is a power meter that will come on screen when the wrestlers are in a grapple. Your goal is to fill up your half of the meter to get off your move instead of your opponent. It will seem like a tug of war when you grapple with your opponent to fill your half of the meter. To fill the meter and get your moves off, tap the move button of your choice (see page 9 beside POWER MOVES) as quickly as possible. Tap is fast enough and you're on your way to victory. Not fast enough, you're going home empty handed.

3. **Learn to use the Block** - Knowing when and when not to use the block will separate the champs from the chumps.
4. **When they're down, keep 'em down** - After you knock them down, go off the ropes to inflict some extra damage.
5. **Initiate the Grapple** - If you grapple your opponent before he grapples you, you have a better chance of getting your move off.
